

# State Testing Regulations

**State: Wyoming**

**Assessment: WY-TOPP**

**Applied for waiver: Unknown**

**Opt out process for parents: Not supported.**

**Federal restrictions to opt out: Unknown**

**Consequences of opt out:**

**According to 2014 data - Schools dropping below 95% result in school missing AYP and dropping one performance level (or more) on the Wyoming School Performance Reports**

**Changes in testing requirements:**

**Officials from the Wyoming Department of Education are recommending that the State Board of Education administer state testing "to the fullest extent possible" this year, but not use the results to make formal accountability assessments due to COVID-related disruptions to learning.**
